**Setup for Versa Pouch for 1911 Single Stack Magazines**

**Please Note:**

The Versa Magazine Pouch is delivered as standard with a Hi capacity setup for STI, SV and Para Ordnance Pistols.

To convert the mag Pouch to 1911 Single Stack use, Refer to the Versa magazine pouch instruction sheet supplied for the illustration key.

**Please do the following:**

- 
1. Undo the – button head screw {no 5}, and then remove STI, Para, and Bul insert {No 4}.
  2. Install either Glock or Beretta insert {No.1 or No 2} in its place, insuring that the insert “L” Section is in the uppermost position.
  3. Additionally, ensure that the “L” section of the insert is facing inwardly towards the magazine pouch cavity.
  4. Lightly Tighten the Button the head screw, ensuring that you have the correct pouch angle that suits you.

Please see the attached picture for the assembled view.
